Subject: Soil Vapor Intrusion Investigation, Quarterly Data Summary Report
(May to October 2010) and November 2010 Work Plan Addendum
Site 1 – Former Drum Marshalling Area
NWIRP Bethpage, New York

Dear Mr. Scharf:

On behalf of the Navy, please find the enclosed a copy of the "Quarterly Data Summary Report, Indoor Air and SSD Monitoring, Site 1 – Former Drum Marshalling Area" for the NWIRP Bethpage. This report presents the results of sampling activities conducted during this quarter. In addition, the "Work Plan Addendum" is attached. The addendum describes the ongoing sampling of indoor air, subsurface soil vapor, and soil gas in the offsite residential neighborhood to evaluate the effectiveness of the mitigation and remedial systems that are in place. A hard copy of the report and addendum with attached CD copy of the report (including the Appendices) has been included for your use.

This report and addendum has been generated for public distribution and sensitive information has been removed or censored to protect privacy of individual homeowners. Please consider this while reviewing these documents.

If you have any questions please contact Ms. Lora Fly, NAVFAC Mid-LANT, at (757) 341-2012.

Sincerely,

Dave Brayack
Project Manager
